Did your below average students grade level decline? (Red)

|

Summary Notes: Overall yes both subjects

Gradebook Distribution

20% or more failing on Grade Distribution (# of classes) Q2

Overall

7.27%		
-------	--	--

Office Disciplinary Referrals (LEADS)

% of students with ODR's: 34

of Referrals over total students: 556
595

of students contributing to referrals: 202 students contributing
556 to number of referrals

With standards-based report cards, it seems as if there might be more students failing courses since there are students below grade level on the benchmark.
