

Cultural Club Proposal

Objective: To expose our CCA students to a plethora of diverse cultures through appreciation and understanding of world cultures.

Mission: To educate and lessen the cultural shock that first generation students face in college.

Plan: We will accomplish our mission by:

- Meeting on a biweekly basis after school
 - also on special events
- Open to all interested
- We will coordinate with various organizations throughout Michigan and the world, to come and present to our members
 - College Campus Organizations
 - Congress of Communities
 - United Neighborhood Initiatives
 - DHDC
 - La SED
 - SER Metro
 - CHASS Clinic
 - Independent Organizations
- We will also attend various ethnic festivals (art exhibits, museums tours, foreign film screenings, gastronomy experiences, sporting events, crafts etc.)

Our hope is that through these cultural influences our students will build a stronger connection to post-secondary education. Our member's safety and education will be our number one priority at all times.

Facilitators: Sandra Sánchez

Cilia Sánchez

Budget: Open to various funding resources

Start Date: Upon Approval
