

**Cesar Chavez Academy East
Teacher Mentor Log**

Mentor:	Obermeyer / J. Obermeyer	
Mentee:	Schmidt / Kousshmat	
Date:	2/15	Time: 9:30 am

Things Going Well:

- ⊛ Changed procedure of make-ups - more for Gym than Health. Health assessments take too much time when kids are absent.
- ⊛ Formative checks are more frequent - easier to track if students mastered or not.

Topics Discussed:

- ⊛ Lesson plans - following sequence of instruction - only 45 mins / need different format
- ⊛ Wrap-up - Hard to manage / made plans for 25 mins

Action Items:

- ⊛ Copy HOTS cards
- ⊛ Lesson Plan format for Health
Will discuss / compare next week
