

2014-2015 Scantron Growth Reports

Fall of 2014 vs. Winter 2015

Scantron SIP %

Unlocking our potential

What is the SIP score?

The SIP (Standard Item Pool) score is the score a student would receive if they take a standardized test on the CCSS (Common Core State Standards)

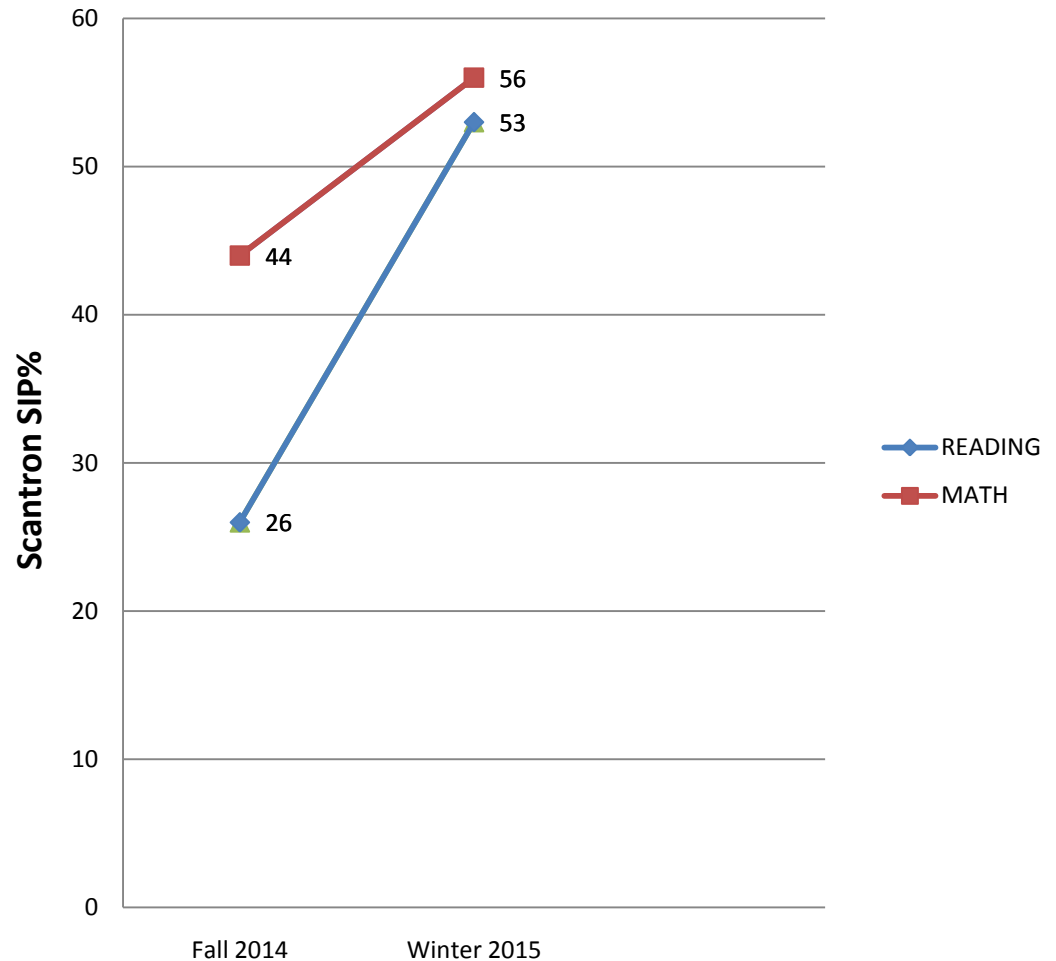

CCA Lower ES

Students at Vernor K-2 are making significant progress mastering the 2nd grade CCSS (Core Common State Standards).

The team will continue to focus on the “Big Ideas” and monitor data from common assessments in grade K- 2nd grade are currently being researched.

2nd Grade- CCA lower ES

CCA Upper ES

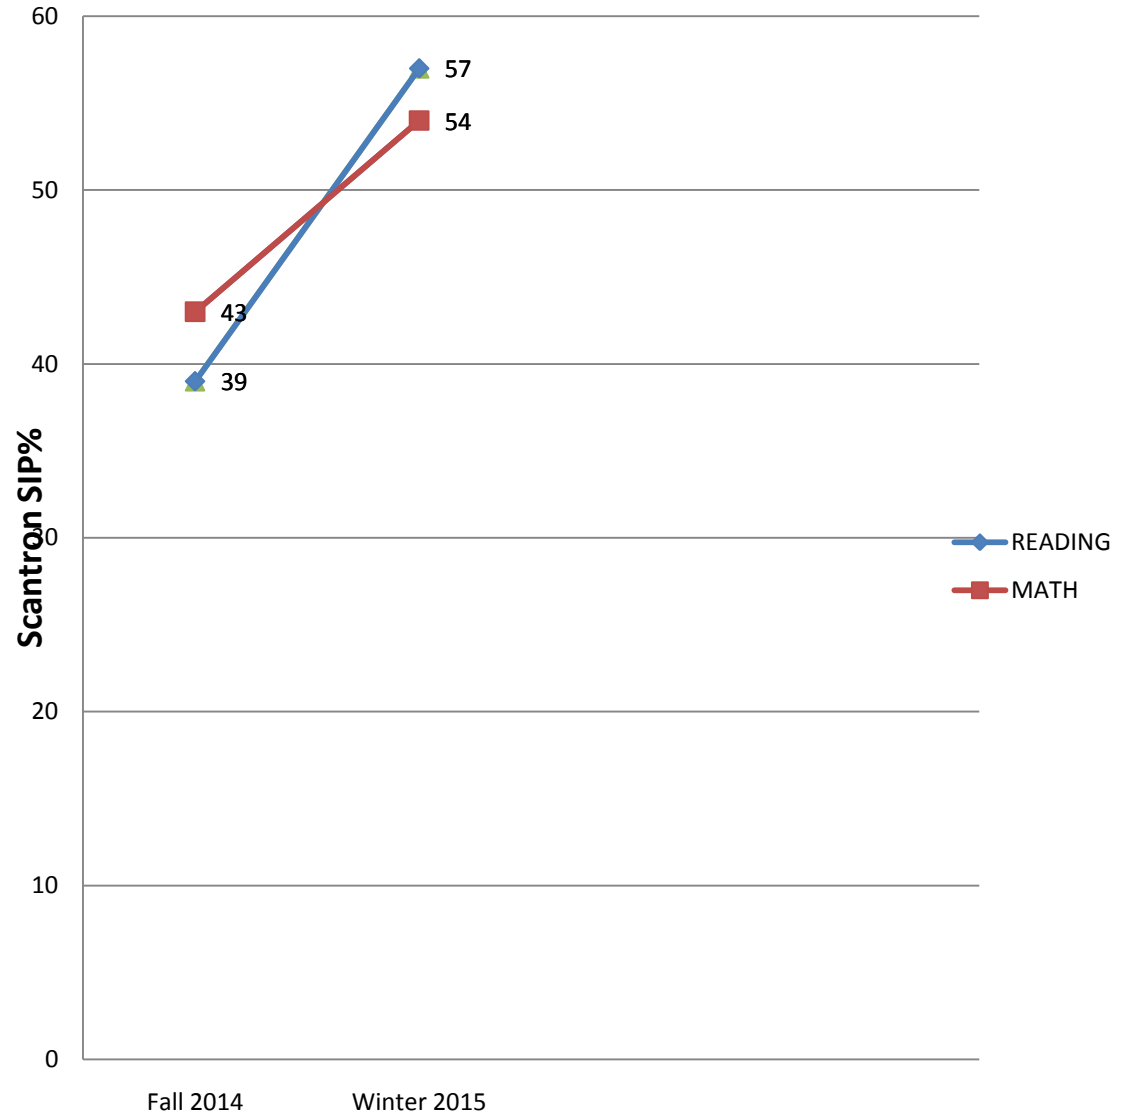

Students in 3rd grade warm our hearts with their amazing growth in reading and math. Students are making progress in both areas.

Students in 4th and 5th grade have also made significant growth in math and reading. Most scores exceed the 50% mark!

Way to go Martin campus!

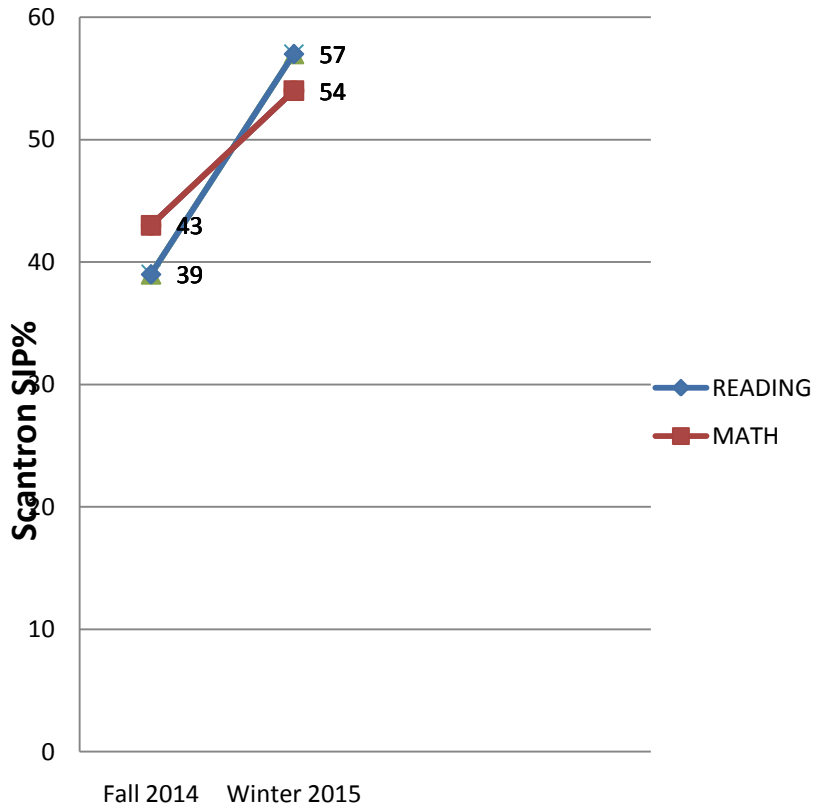

3rd Grade CCA Upper ES

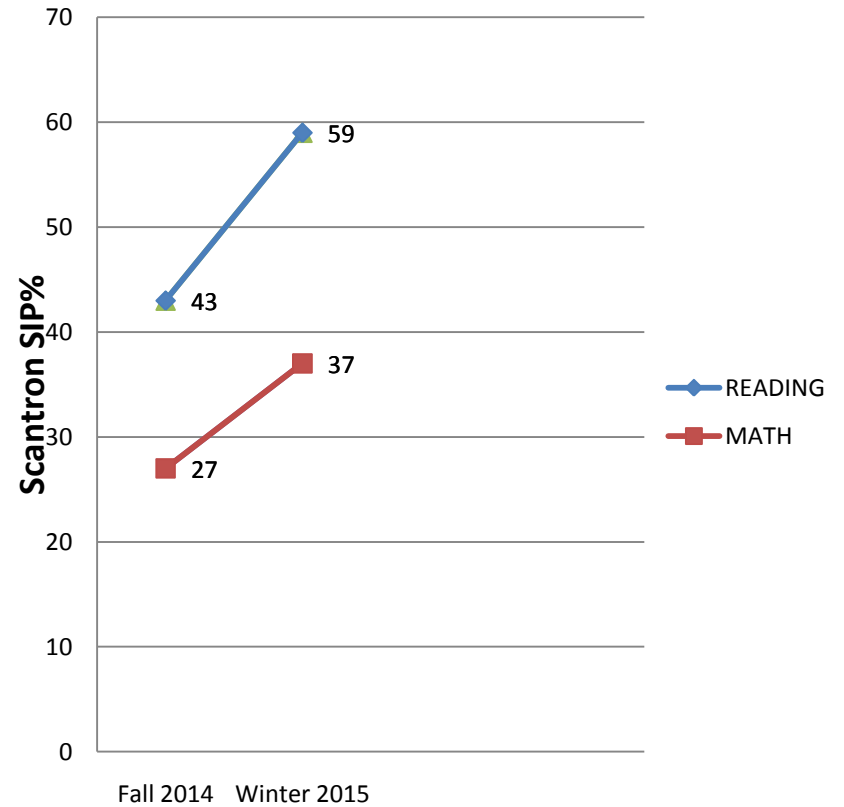

CCA Upper ES Scantron SIP %

4th Grade CCA Upper ES

5th Grade CCA Upper ES

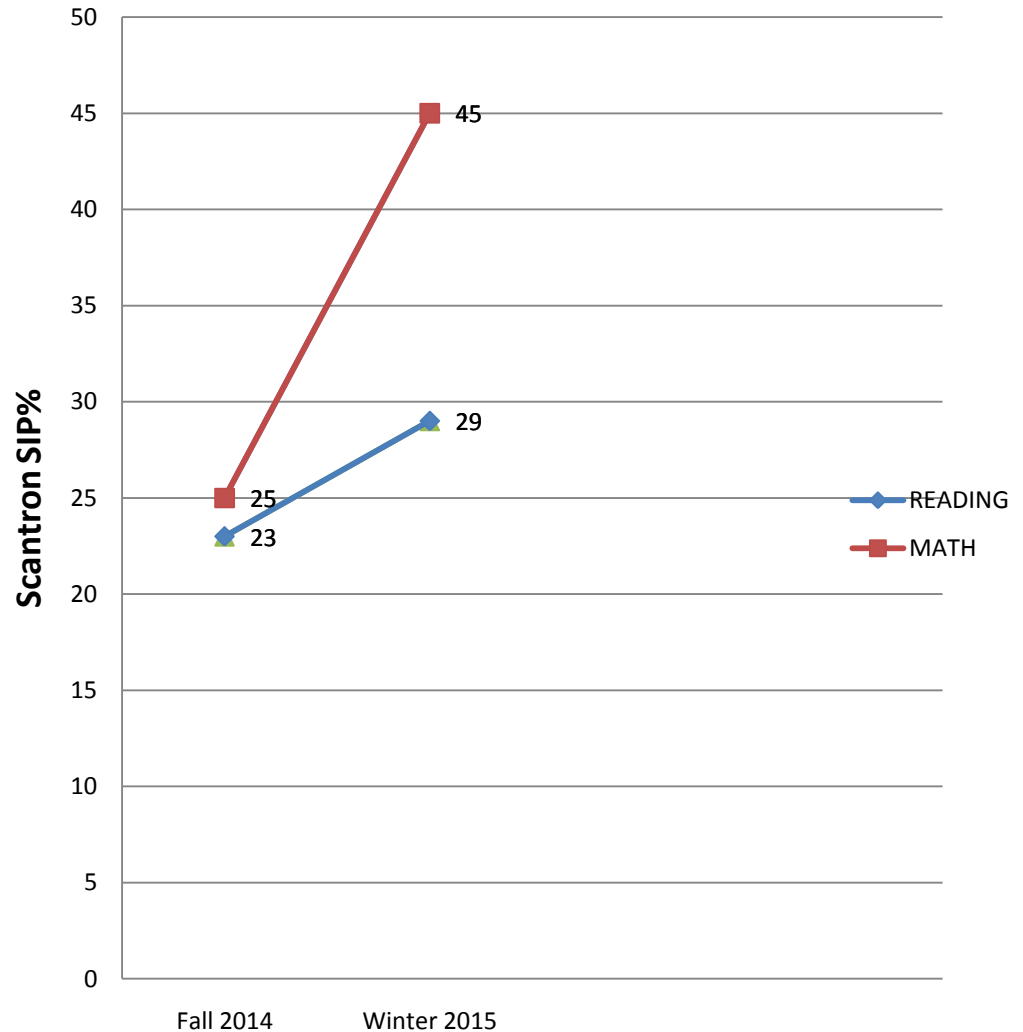

CCA East

Second grade students at CCA East made significant gains in math. There is significant growth in grades 2nd, 3rd and 5th grade reading scores.

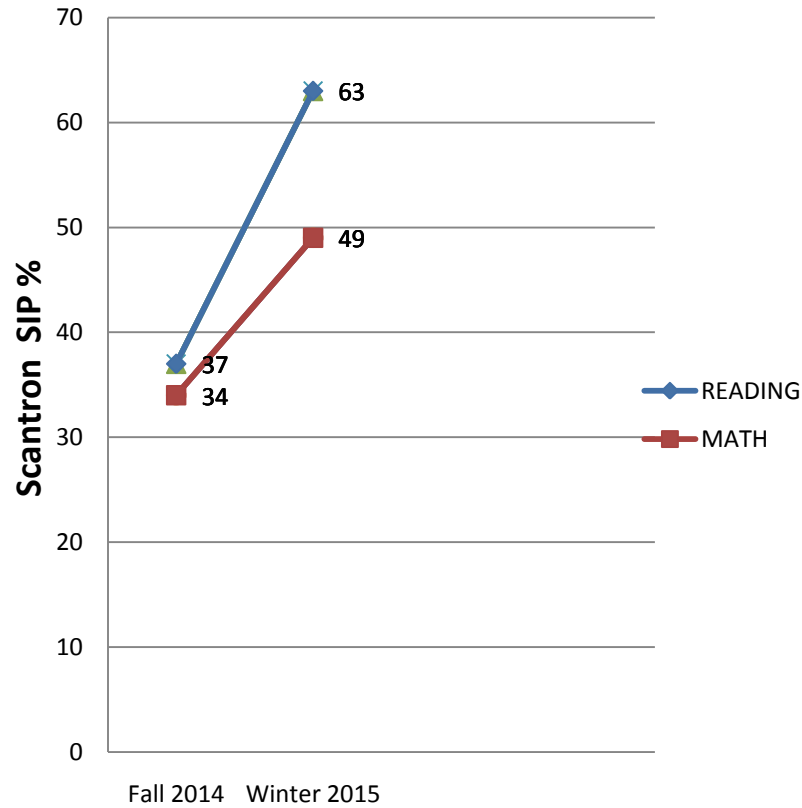

2nd Grade CCA East

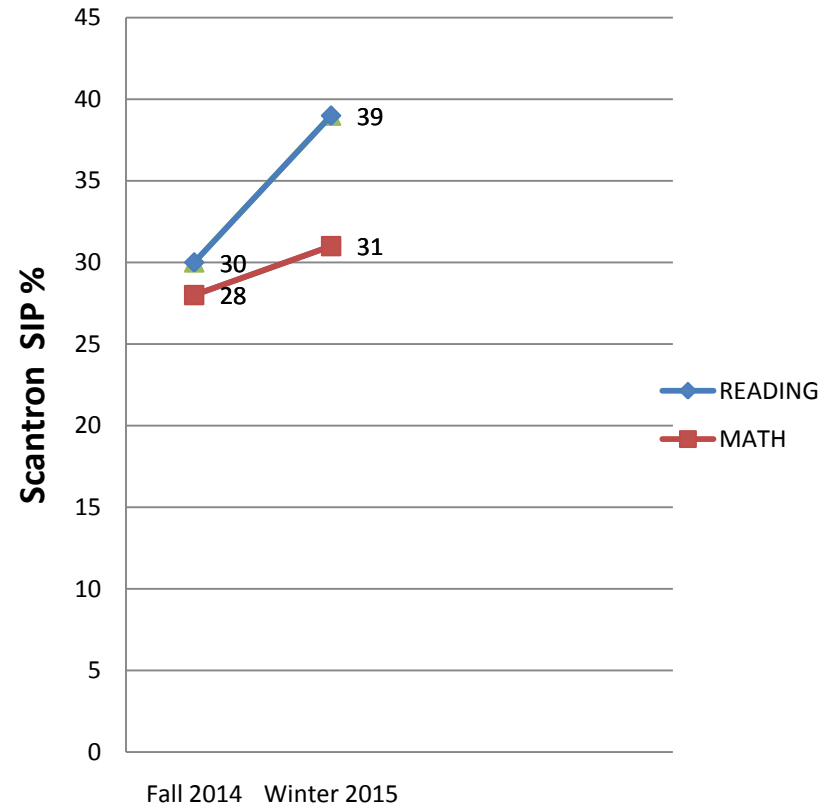

CCA East Scantron SIP %

3rd Grade CCA East

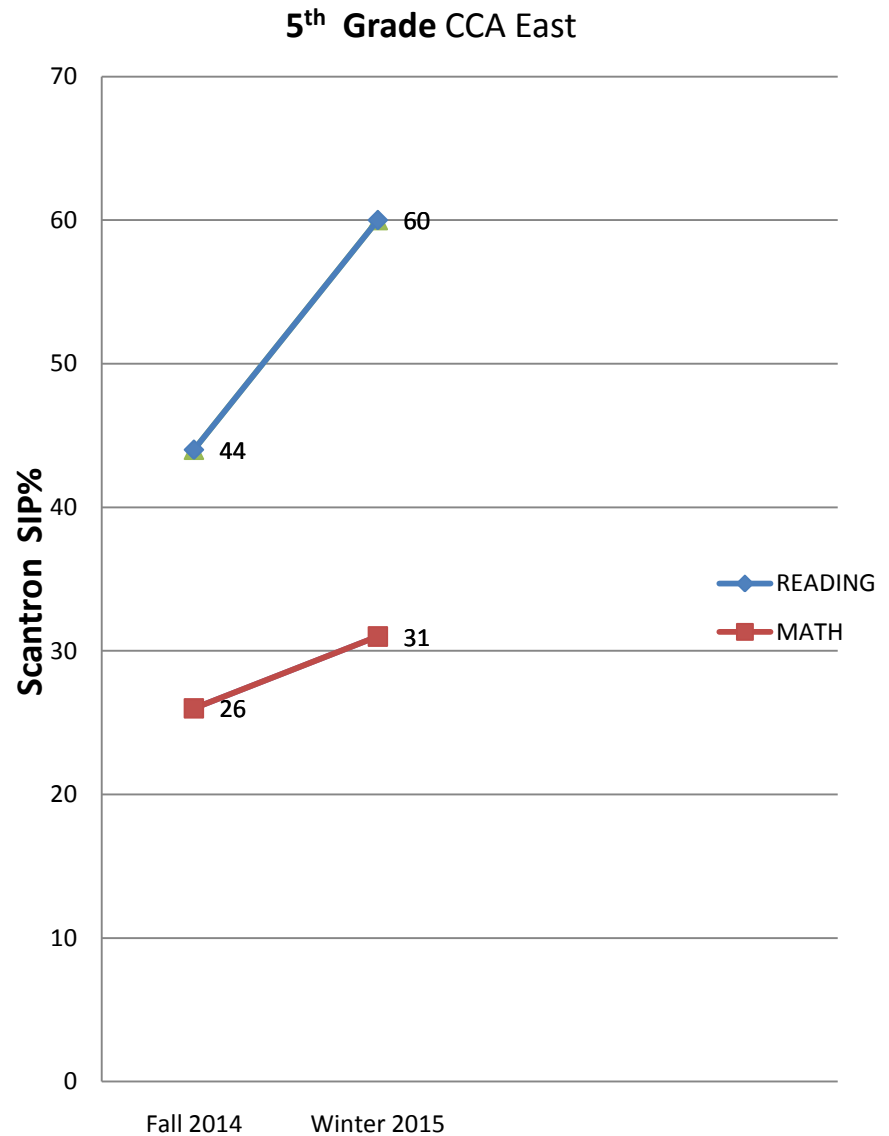

4th Grade CCA East

CCA East

Students in 4th and 5th are currently a 4th/5th split. The reading scores for 5th grade demonstrate tremendous growth. Intense intervention will continue to be provided to move the 4th and 5th graders closer to their goals in math .

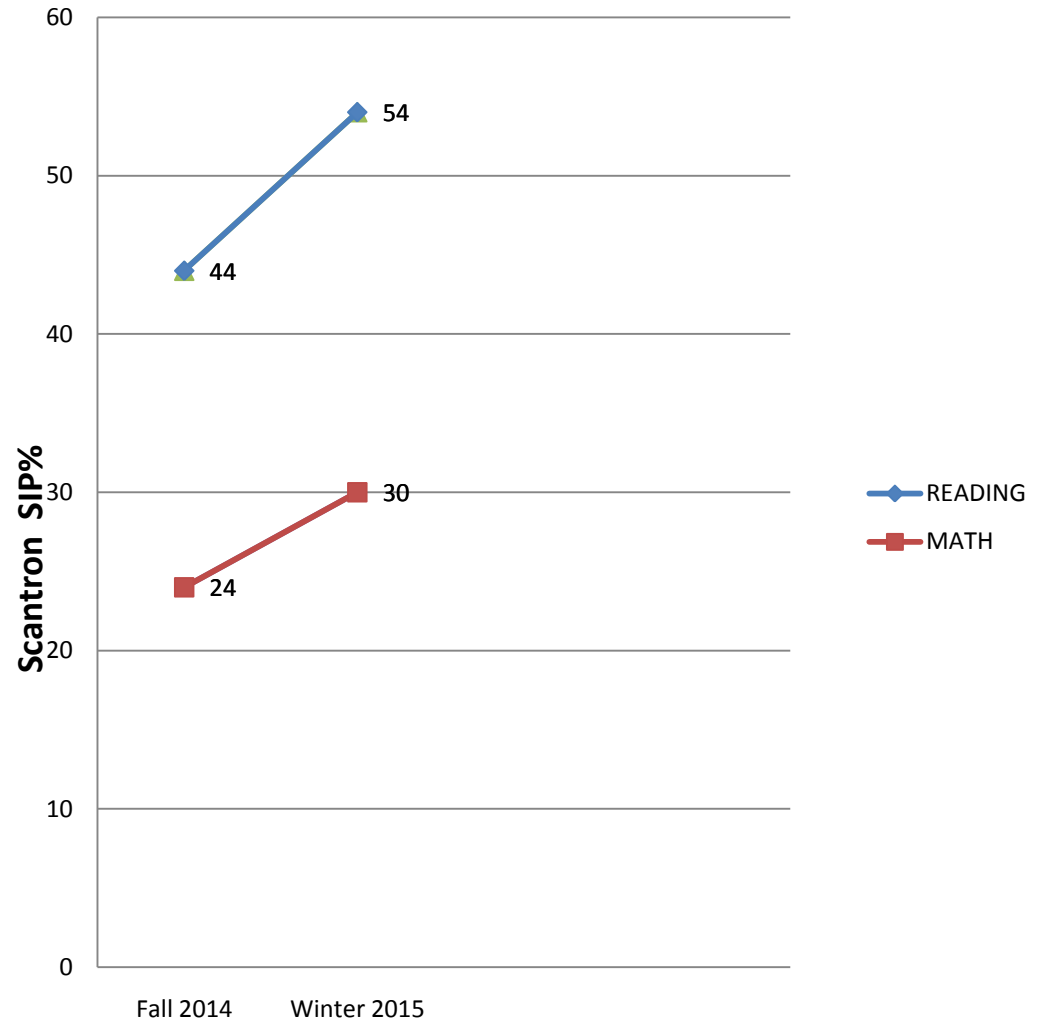

CCA MS

In 6th grade, there is growth in reading and math. We are expecting a greater increase in the area of reading by the spring.

7th and 8th grade are the heart of our restructuring efforts. In both grades there is minimal growth.

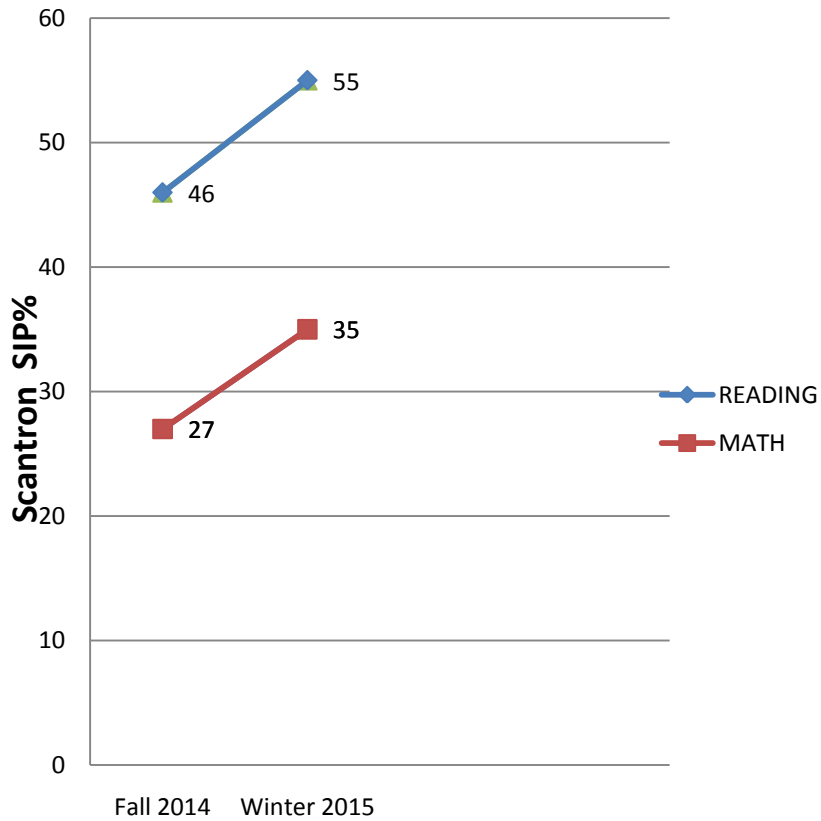

6th Grade CCA MS

7th Grade CCA MS

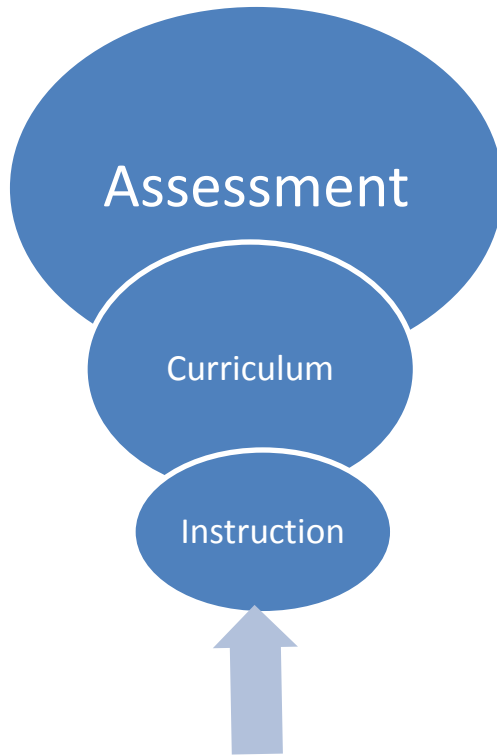

8th Grade CCA MS

CCA District Strategic Plan

Ensuring Curriculum Alignment

1. Rtl Standard Protocol – Focus on Tier I instruction
 - Instructional Strategy Checklist
 - Monitor benchmark assessments
2. Scantron progress monitoring forms are required for all teachers administering the test. Data will be reviewed on February 13, 2015 in grades 2nd – 11th
3. Student data will be at least 20% of teachers performance reviews
4. Continue with Professional Development that supports the Curriculum, Instruction and Assessment

Looking ahead

Unlocking our potential!
